

CitraFlor™ EG

Description:

CitraFlor EG is a high purity orange terpene product produced using Florachem’s high vacuum fractional distillation system. Our distillation process carefully controls odor, purity, non-volatile residue, moisture, and color, yielding a very consistent product.

Bio-based CitraFlor EG is used primarily to clean solder flux and paste residues and ionic contamination from electronic circuit assemblies and components during manufacture.

CitraFlor EG is considered low in toxicity, readily biodegradable, and contains no halogens or heavy metals and is RoHS compliant. CitraFlor EG is produced to food grade standards.

Sales Specifications:

Appearance	Clear, Colorless to Slightly Yellow Liquid
d-Limonene, %	98.0 minimum
Gas Chromatography	Matches Standard
Odor	Slight Citrus
Refractive Index @ 25°C	1.470-1.480
Specific Gravity @ 25°C	0.835-0.845

Packaging, Storage and Handling:

Available in 55 gallon drums (Net 177kg) and 5-gallon pails (Net 15 kg). Store in cool, ventilated, fire resistant building. Shelf life is 36 months from date of manufacture in original, unopened containers. CitraFlor EG is considered a Class II Combustible Liquid by the US NFPA and OSHA.
